GitHub: github.com/Barun2005 **Mobile**:+91-9153999610

SKILLS

- **Programming & Query Language**: Python, SQL, C++, Java
- **Frameworks & Libraries**: Matplotlib, Django, Flask, React.js,Express.js, HTML & CSS
- **Tools & Platforms** :MongoDB ,Git, GitHub, Linux
- **Core CS Fundamentals**: DBMS, OS, CN, SQL, OOPs, COA, TOC
- **SoftSkills**: TimeManagement, Leadership, Problem-Solving, Adaptability, QuickLearner

PROJECTS

Personal Library Tracker| GitHub Mar 2026-Mar2026

- Developed a Personal Library Tracker web app using the MERN stack .
- Implemented secure user authentication and CRUD operations for managing books, reviews, and reading status.
- Designed a responsive frontend with React and Material-UI, including search and filter functionality.
- Deployed the application with MongoDB Atlas for storing data.

Tech stack : ReactJS , JavaScript, NodeJS, MongoDB

AI Research Agent | GitHub Mar 2026-Mar2026

- Conducted applied AI research on large datasets, focusing on machine learning, natural language processing, and predictive modeling to generate actionable insights
- Designed and implemented algorithms for data preprocessing, model training, and evaluation, ensuring scalability and accuracy across diverse domains.
- Designed a responsive frontend with React and Material-UI, including search and filter functionality.
- Delivered research findings through reports and dashboards, translating complex technical results into clear, business-relevant insights for decision-making

Tech stack : Python, Streamlit, Fast-API

Sales Store Dashboard | LinkedIn Dec 2025-Dec 2025

- Built Developed a scalable Power BI sales dashboard by cleaning and modeling 10k+ retail records using Power Query and Excel, ensuring accurate and consistent data integration.
- Designed advanced DAX measures to calculate KPIs such as profit margins, average delivery days, and YoY growth, optimized for performance on large datasets.
- Delivered key insights on sales performance, profit trends, average delivery days, product-wise and region-wise contribution, enabling data-driven business decisions.

Tech stack: Power BI Desktop, Power Query, DAX, Excel, Data Modeling, Data Visualization

TRAINING

Cipher School (MERN) June 2025 -Aug2025

- Completed a 2-month intensive MERN Stack training, gaining hands-on experience in building full-stack web applications.
- Built three projects using React.js, Node.js, Express.js, and MongoDB with clean, modular, and optimized code
- Deployed projects on Vercel , Render and collaborated using Git/GitHub.
- Tech stacks used: React.js, Node.js, Express.js, MongoDB

CERTIFICATES

- MERN – Cipher School |**Link** April 2025
- Cloud Computing (IIT-KGP) |**Link** July 2024
- C++,DSA (iamNeo) | **Link** May 2024
- C Programming (iamNeo) | **Link** Dec 2023
- Hack with Vertos (Hackathon) | **Link** Sep 2023

ACHIEVEMENTS

- Solved coding problems across Leet Code ,GFG & Hacker Rank, sharpening problem-solving skills. Nov 2025
- 3rd rank in Hack with Vertos(Group Hackathon). Sep 2023

EDUCATION

Lovely Professional University August 2023-present
Bachelor of Technology-Computer Science and Engineering; ***CGPA:* 7.15** Punjab ,India
Kosi college June 2021- March 2023
Intermediate: ***Percentage:64.4%*** khagaria , Bihar
New Holy Ganges Public School April 2020-2021
*Matriculation;****Percentage:73.4%*** khagaria , Bihar
